

September 6, 2017

Dear Valued Customer,

This is to let you know that Pacific Plastics will be increasing the prices of its PVC pipe effective immediately. This increase is enforced as a result of Hurricane Harvey which has resulted in PVC Resin suppliers located in Texas to announce a status of Force Majeure. Currently our pipe inventory is at a level that shipping your orders will take longer than usual. Your understanding and cooperation is very much appreciated. Our sales representatives and/or office staff will update you on the exact percentage of this increase as well as your new multipliers.

Thank you for your continued support.

Sincerely,

John Ramin  
Sales VP
